

IRON MAN

6" Half-Round Seamless Rollformer

IronMan Next Generation Smart Machine
available on all IronMan models

Use the touch screen to automatically control product length, add for miters, if applicable, and keep a total of daily material ran and total footage. Password protected.

Reverse Curl Front Hem Bar

- Unique reverse bead profile (standard single side painted coil)
- 12 forming stations; .002 hard chrome rollers

Polyurethane Drive Train

- 5 station polyurethane drive train
- Eliminates slippage from cold weather and condensation
- Rollform a broad range of materials (aluminum, copper, steel)

Hardcoat Anodized Radius Forming Rollers

- Free-floating rollers produce less pressure and more product uniformity
- Aluminum forming roller (reduces machine weight)

Structural Steel Frame

- Welded tubular frame

Modular Turnstile Upright System

- Transfer bars (ease of coil loading)
