

IRON MAN

5 1/2" Fascia Gutter

Also available in 4 1/2"

IronMan Next Generation Smart Machine
available on all IronMan models

Use the touch screen to automatically control product length, add for miters, if applicable, and keep a total of daily material ran and total footage. Password protected.

Polyurethane Drive Train

- Eliminates the need to load coil prior to transportation (less material waste)
- Eliminates slippage from cold weather and condensation
- Rollforms all standard metals with minimal or no adjustment

Modular Turnstile Upright System

Electrical and Control System

- Push button entry and exit end controls with safety wiring and "jog" feature
- 3/4 HP, 110 volt, single phase motor, 13.6 ampere

Structural Steel Frame

- Welded tubular frame
